DOMAIN OF NEVADA

Office of the
Grand Chancellor

Dear Tom (Dean):

Thank you so much for your standout performance at my Knights of Pythias convention at the Boulder Station Hotel.

You portrayed all of the characters I requested, and then some, and treated us all to some very fine new material, good luck with those superb reenactments.

I was the one though, that has been receiving all the compliments for your hard work in entertaining my group. In fact, Roxy, and I were recently up in Northern Nevada visiting, in Fallon, and Hawthorne, with some people who had attended your performance, and some who couldn't attend but had heard about it.

The comments, from many of the attending locals, and especially those from the out of state attendees, and the upstate Nevada native-born, were all vaguely similar, such as, "I have been coming to Las Vegas many times over these many years, and that was the best show I have ever seen."

Congratulations to you for being the fine actor/singer/comedian, that you are, and I thank you again.

Sincerely,
Grand Chancellor (Past)
